Singhdurbar, Kathmandu

Re: **Nomination for Long-term Course on "Improvement in Children's Learning (JFY 2024)**

Dear Mr. RAI,

We have the honor to bring this note to your kind information that Japan International Cooperation Agency (JICA) is offering **Master's Degree Course** on "Improvement in Children's Learning" for the JFY 2024 under JICA's Development Studies Program (JFY 2023) in collaboration with Naruto University of Education, Japan.

Duration of course: Two (2) years October 2024 to September 2026.

This course is exclusively designed in consultation with Ministry of Education, Science and Technology for the staff assigned to be in-charge of mathematics education (focusing to training and curriculum) at basic school level (early grade in preferable) after completing the program in Japan. So, please ensure that the nomination is done in accordance with above mentioned criteria strictly.

The relevant information on the course has been furnished in the General Information (GI) booklet attached herewith for your kind information.

In this respect, we take further honor to request you to ascertain whether the government of Nepal would nominate maximum four (4) suitable candidates (2 main and 2 alternative) at least one female candidate under the **Ministry of Education system from different levels for necessary screening process by JICA and the concerned university to participate in the above course. Please note that the final selection will be done by JICA and the concerned university in Japan. Any of the candidates may be selected based on the requirements of the course. Also, JICA promotes gender equality in capacity development initiative and women candidates are encouraged for this program as well.** So, please ensure that the nomination is done accordance with above mentioned criteria strictly.

We would highly appreciate, if you could kindly forward us one (1) copy of attached Annex 1,2,3 duly filled by the nominees not later than January 15, 2024.

Sincerely yours,

IfZUKA Kenichiro
Senior Representative
JICA Nepal Office

JICA Knowledge Co-Creation Program for Long Term Participants (JICA Development Studies Program)

General Information on the Program for Improvement in Children's Learning JFY2024

長期研修 「子どもの学びの改善（2024年度）」

This handout provides an overview of the “Improvement in Children’s Learning” program/course, which is one of Japan International Cooperation Agency (JICA)’s Knowledge Co-Creation Program (Long-Term). The program will be implemented as part of the Official Development Assistance of the Government of Japan based on bilateral agreement between respective governments.

The objective of the Knowledge Co-Creation Program (Long-Term) is to offer opportunities to people from developing countries to study at higher educational institutions in Japan and to help them build their network of people. This is intended to assist in the human resource development plans of the governments of developing countries and Japan, and eventually to expand and strengthen bilateral ties between the developing countries and Japan.

0. Background

What is JICA Knowledge Co-Creation Program (KCCP)

The Japanese Cabinet released the Development Cooperation Charter in February 2015, which stated, "In its development cooperation, Japan has maintained the spirit of jointly creating things that suit partner countries while respecting ownership, intentions and intrinsic characteristics of the country concerned based on a field-oriented approach through dialogue and collaboration. It has also maintained the approach of building reciprocal relationships with developing countries in which both sides learn from each other and grow and develop together." JICA believes that this 'Knowledge Co-Creation Program' will serve as a foundation of mutual learning process.

What is JICA Development Studies Program (JICA-DSP)

JICA-DSP is being carried out by JICA as part of official development assistance (ODA) by the government of Japan. JICA-DSP is offered for international scholars accepted as the participants of JICA's Human Resource Development Project who are enrolled in a degree program at a Japanese university.

<https://www.jica.go.jp/dsp-chair/english/dsp/overview/index.html>

1. Overview

The Government of Nepal implemented the School Sector Reform Plan (SSRP, 2009-2016), and had achieved remarkable improvement in education sector, particularly in terms of access to primary education (G1-5) with Net Enrollment Ratio (NER) reaching 96.9% and to the basic level (G1-8) with NER reaching 91% in 2016/17. However, low level of learning achievement remains a major challenge as shown in the recent report of National Assessment of Student Achievement (NASA) conducted in 2015 and 2018. The results revealed that children's academic scores of Mathematics had lowered recent years, particularly for G3 level.

Following the SSRP, School Sector Development Plan (SSDP, 2016-2021) was published in 2016 and School Education Sector Plan (SESP, 2021-2030) was launched in 2021, and enhancement of quality of learning at the basic level is determined as a key outcome. Learning achievement in G5 Mathematics is included as one of the major indicators to measure its achievement.

In line with SESP priority agenda, the Government of Nepal requested the Government of Japan for a technical cooperation and JICA conducts long term training course, "Program for Improvement in children's learning", for the purpose of contributing to improve children's learning in mathematics. The theme of training is focused on development of teaching and learning materials and teacher education in mathematics, especially in early grades.

The program/course will offer participants with special curriculums on Japanese developmental experience (JICA-DSP) and internships, if necessary, in addition to obtaining a Master's degree.

2. Objectives

The objective of this Program is to develop personnel of the Ministry of Education, Science and Technology (MoEST) or concerned agencies who will be assigned to be in charge of mathematics education at basic level and/or teacher training after completing the program in Japan. This program offers opportunities for such personnel to study at graduate courses for master's degree in Japanese graduate schools as international students (hereafter referred to as participants). Beyond acquisition of skills and knowledge, this program also intends to have the participants understand and get familiar with the contexts of Japanese culture and systems. The expected outcome of the program is that competent personnel with Master's degree are produced to support MoEST to improve learning outcomes of mathematics.

3. Course Outline

- (1) Program Title: Improvement in Children's Learning
- (2) Language of the Program: **English**

(3) Duration: October 2024 – September 2026 (2 years)

(4) Numbers of Participants: **Two (2)** in total

(5) Target Participants: Government officials who will be assigned to be in charge of mathematics education (focusing on teacher training and curriculum) at basic school level (Early grade is preferable) after completing the program in Japan.

(6) Fields of Study of the Program

This program targets the fields listed below.

- Development of learning and teaching method and practice in early grades mathematics;
- Development of teacher training method and system

(7) University and Course: Naruto University of Education (International Education Course)

(8) Contents of the Program:

Graduate Course Program	Master's degree course - Lecture and practical subjects - Research works for the thesis - Field research and other additional activities in Japan and/or home country *It will be planned in accordance with the research theme and the consultation with the supervision professor.
Additional Special Program	JICA will provide Short-term Special Program to help the participants understand and get familiar with the contexts of Japanese culture and systems.

4. Duration

Two (2) years for master's course in principle. Refer to Section 3. (3)

5. Number of Participants

Two (2) in total. Refer to Section 3. (4)

6. Language to be used in this Program

English

7. Eligibility

Candidate applicants must satisfy the following requirements:

(1) Nationality	- Citizens of the target countries (Nepal)
(2) Age	- Forty (40) years of age or under in principle (As of April 1st, 2024). However, under certain circumstances deemed to be considered, applicants over the age of 40 may become accepted. Please contact our JICA office for more information.

(3) Education	- Bachelor's degree (equivalent to at least 16 years of academic background)
(4) Working Experience / Status	Applicants are required: <ul style="list-style-type: none"> - To have more than 5 years working experience at their current organizations, and - To obtain permission for application from their current organizations.
(5) English Proficiency	- Adequate English proficiency, both in written and oral communication, in order to complete the master's degree.
(6) Understanding of the Program	- Applicants are required to have clear understanding of the objectives of the program and have a strong will to contribute to improve children's learning especially in mathematics education or as well as to strengthen the linkage between their countries and Japan after returning home. <ul style="list-style-type: none"> - Applicants are expected to be in charge of mathematics education at basic level after completion of the program.
(7) Others	Applicants must: <ul style="list-style-type: none"> - physically come to Japan to carry out research activities to complete this program, - be both physically and mentally fit for the program, - Not receiving or planning to receive a scholarship offered by other foreign organizations, - Attend the activities on the weekends in unavoidable circumstances (e.g. official exam)
(8) Gender Equality and Women's Empowerment	- Women are encouraged to apply to the program. JICA makes a commitment to promote gender equality and women's empowerment, providing equal opportunity to all applicants regardless of sexual orientation and gender identity.

8. Admissions

Candidates must be selected as JICA's official candidate through JICA's internal selection procedure and must pass the general entrance examination of the university they have applied to, including examinations to enter the applicants' desired master's degree course.

9. Application Guidelines

Each applicants is required to submit the following documents before **12:00 pm (noon) January 31st, 2024**. The application must be reached to the JICA Nepal Office by this deadline. Late applications will not be considered regardless of any reason.

Application Documents	(1) Application Form (Annex 1) and Research Proposal (Annex 2), which must be filled in English (2) Undergraduate degree graduation certificate, which must <ul style="list-style-type: none"> - be an official document issued by university or the faculty;
-----------------------	---

	<ul style="list-style-type: none"> - include the degree information; - be notarized a copy of the original which officially certified; and - be written in English or accompanied with an official translation. <p>(3) Academic transcript, which must</p> <ul style="list-style-type: none"> - contain all the grades earned in the university; - be notarized a copy of the original which officially certified; and - be written in English or accompanied with official translation. <p>* If there is no explanation about grading system on the transcript, separate official document explaining the system must be attached.</p> <p>(4) A letter of recommendation (Annex 3) from home country's government, Japanese company, Embassy of Japan, Japanese university, if you have</p> <p>*Additional recommendation letter may require through selection procedure*</p> <p>(5) A copy of Passport with photo (for checking nationality, name, sex, and date of birth. National ID and birth certificate are acceptable if you do not have Passport. Certified English translation must be attached if ID is not written in English)</p> <p>(6) 2 ID Photos (4 cm×3 cm) pasted on application form (Original and copy) and other 6 same photos.</p> <p>(7) Health certificate to be submitted after the Selection</p>	
--	---	--

10. Schedule

(1) Selection Procedures

【1st Step】 1st Screening of the Application Documents by JICA

Period: Beginning to middle of February 2024

JICA conducts the screening whether the applicants meet the program's aim and match the target fields by the documents submitted.

【2nd Step】 2nd Screening of the Application Documents by JICA

Period: Middle of February- Beginning of March 2024

JICA conducts the screening whether the applicants meet the program's aim and match the target fields by conducting online interviews. The online interview will be conducted jointly by JICA and Japanese university. The date and time of the online interview will be informed later.

【3rd Step】 Official Application to Japanese university

Period: Beginning to middle of April 2024

Applicants who pass the 2nd Step will apply to Japanese university. The applicants must submit the application documents required by the University. University will conduct an online interview with the applicants for selection. The date and time of interview will be informed later (Tentative period: early to middle of June, 2024).

(2) Approval of the Successful Candidates

Successful candidates passing the selection procedures will be officially approved as participants of the program by the end of June 2024. Each approved participants will fill out an official application form for the JICA program, which will be officially submitted to JICA for formal procedures.

*Any costs incurred during the selection procedures including travel expenses to selection venues will NOT BE COVERED by JICA.

*Schedule and program contents might be adjusted appropriately due to unforeseen circumstances.

*The reasons for disqualification on each selection procedure will NOT BE DISCLOSED.

11. Expenses To Be Borne By JICA

Under the JICA Long-term Trainee Allowance standards, JICA will cover expenses and allowance to participants accepted to the program/course. See the table below for further details. Note that the payments (e.g. for tuition, research support expenses, school support expenses) will not be paid to the accepted participants themselves, but directly to the university or other relevant institutions.

Expense category	Payment amount	Payment frequency
Tuition (official examination fees, entrance fees, course fees)	Actual costs	According to the request from universities
Living Allowance*	JPY 117,000–148,000 per month*	Every month via university
Airfare	Actual costs	Upon arrival in Japan and upon returning home
Outfit Allowance**	JPY103,750 – 106,000	Once (upon arrival in Japan)
Moving Allowance***	Up to JPY164,000-224,000	Once (during the training period)**
Research Support Expenses****	Actual costs (up to JPY360,000 per year)	
Medical care for participants who become ill after arriving in Japan	In accordance with the provisions of the medical insurance	

*Varies according to living area in Japan, type of accommodation, etc.

**Once, after opening bank account in Japan. As it takes several weeks to have the bank account opened, it is strongly recommended to bring cash for personal expenses during the period.

***Depending on the accommodation facility. Consultation with the university is required.

****Research Support Expenses are allowed to be provided via the university and be disbursed with the consultation and approval of the applicant's supervisor.

12. Expenses Not To Be Borne By JICA

JICA will not bear costs other than the allowances described above. JICA is not responsible for the following expenses especially:

- (1) Passport fees (for re-issuance and extensions, etc.)
- (2) Visa fees of a transit country and transportation expenses to obtain Visa
- (3) Transportation expenses to obtain Japanese Visa
- (4) Domestic travel expenses at the applicant's home country
- (5) Departure tax
- (6) Airport tax/airport facility charges outside of Japan, including third countries
- (7) Customs duty
- (8) Excess baggage charges
- (9) Compensation for lost and/or damaged baggage
- (10) "No show charge" to the transit airport hotel (non-refundable)
- (11) Lost - ticket fee
- (12) Accommodation fee for day-use hotel in return flight
- (13) Transportation expenses other than official programs
- (14) Telephone bill or mini-bar tab at accommodation
- (15) Medical costs related to pre-existing illness, pregnancy, and dental treatment
- (16) Medical cost related to the same illness over 180 days
- (17) "National Health Insurance" fee

Note: If participant/accepted applicant does not follow the regulation of JICA, the participant may have to bear such other cost of necessary expenses.

13. Conditions for Participation

The accepted applicants/participants of KCCP are required:

- (1) to understand that participants must physically come to Japan to participate in this program at the date designated by JICA,
- (2) to be in good health to participate in the program,
- (3) not to change course subjects or extend the course period,
- (4) not to change the air ticket (and flight class and flight schedule arranged by JICA) and lodging by the participants on their own,
- (5) to accept that the Government of Japan will examine applicants who belong to the military or other military-related organizations and/or who are enlisted in the military, taking into consideration of their duties, positions in the organization and other relevant information in a comprehensive manner to be consistent with the Development Cooperation Charter of Japan,
- (6) to submit a Health Certificate in JICA format at the participant's expense. The certificate

must be the results of health check-up at the time the participant applied to the entrance examinations (within 6 months before arrival in Japan),

- (7) to accept to submit a second Health Certificate in JICA format if the participant will not be able to arrive within 6 months from the date of his/her first medical examination. The cost of the Health Certificate will be borne by JICA only if the delay is not due to the participant's personal reasons,
- (8) to return to their home country on the designated flight by JICA, when they finish the program/course or when it is deemed impossible to finish the program within the program period, or when the participant is not successful on the regular course examination,
- (9) to refund allowances or other benefits paid by JICA in the case of a change in schedule,
- (10) to understand that inviting participant's family members is not recommended before their stay in Japan has passed more than 6 months,
- (11) to carry out such instructions and abide by such conditions as may be stipulated by both the nominating Government and the Japanese Government in respect of the course,
- (12) to observe the rules and regulations of the program implementing partners to provide the program or establishments ("Plagiarism" especially is taken severely by enrolling university, regardless of whether it is direct plagiarism or self-plagiarism and participants may be subjected to disciplinary action such as suspension),
- (13) to observe the rules and regulations at the place of the participants' accommodation,
- (14) not to engage in political activities, or any form of employment for profit,
- (15) not to drive a car or motorbike, regardless of an international driving license possessed,
- (16) to discontinue the program, should the participant violate Japanese laws or JICA's regulations, or commit illegal or immoral conduct, or become critically ill or seriously injured and be considered unable to continue the course. The participants shall be responsible for paying any cost for treatment of the said health conditions except for the medical care expenses described in the table of "11. Expenses To be borne by JICA,"
- (17) to return the total amount or a part of the expenditure for KCCP depending on the severity of such violation, should the participants violate the laws and ordinances,
- (18) not to be receiving nor plan to receive another scholarship during the program,
- (19) to understand not to make other applications for different JICA KCCP (long-term) at the same time,
- (20) to understand that the maximum duration of "Overseas research" and "Temporary Leave (leaving Japan for private purpose)" is 60 days, in principle, and
- (21) to enroll and complete JICA-DSP online courses, when you receive JICA's instructions to do so.
