

The Economic and Commercial Counselors' Office of the Embassy of the People's  
Republic of China in Nepal  
and  
the Planning and Development Cooperation Coordination Division of the Ministry of  
Federal Affairs and General Administration of the Government of Nepal

AUGUST 8, 2019 – KATHMANDU – Commercial Counselor Mr. Zhang Fan of the Chinese Embassy in Nepal and Joint Secretary Mr. Kedar Prasad Paneru of the Ministry of Federal Affairs and General Administration today jointly signed the Delivery and Acceptance Certificate for the China-Aid Project of Providing a Batch of Production and Living Materials for the Northern Hilly Region of Nepal in the latter's office.

As per the project, the Government of China donated to Humla and Rasuwa separate production and livelihood materials including zinc sheets, cement, iron rods, gabion wires, prefab rooms, drinking water pipes, irrigation pipes, steel bars, laptop computers and printers. The above materials were already delivered directly to the local district or rural municipality office between December 2018 and April 2019 with cooperation and coordination from Nepal's relative authorities.

As the China-Nepal friendship and neighborhood deepen further, and given the difficult terrain and primitive road conditions in Nepal's northern hilly region, the Government of China has been supporting latter with production and livelihood materials three times since 2014. These materials have helped the recipient local governments and people to support in community infrastructures; and improve their livelihood.

The Government of China and the Government of Nepal will continue to collaborate for the optimum utilization of the Chinese assistance in socio-economic development of the people of Nepal. The Chinese side would make concerted efforts with the Nepalese side in order to bring the bilateral friendship to a new height.
